Chair's report

Introduction

I am pleased as Chairman of Life Education Wessex and Thames Valley (LEW&TV) to present my report for the financial year ending 31 March 2019. Our charity provides an essential service in educating young people ensuring that they can make informed, positive healthy choices on topics such as drugs, alcohol and smoking as well as social interaction. LEW&TV is the leading organisation across the region delivering this preventative strategy which most would expect the statutory educational or health services should be leading on.

Our Year

Our overall cost of provision on a per child basis is £6.80. Fundraising continues to be a challenging activity, but it is pleasing to note that donations from trusts and contributions from corporates showed an increase.

Our Charitable Activities

During this year, our Educators have seen approximately 63,000 children across the whole region. School budgets are becoming increasingly tight, which means the retention of existing schools and the development of new business across the region is very challenging. With school finances expected to continue on this downward trend over the next few years, the situation will only become increasingly difficult. We are continuing to meet this challenge through diversification, flexibility and added value in terms of our pricing strategy and modular offer of services to schools. As well as the core mobile classroom based programmes, we also offer cyber safety, relationship and sex education and Key Stage 3 workshops for pupils, and behaviour and safety training for staff. Schools also have access to SCARF (Safety, Caring, Achievement, Resilience, Friendship), a comprehensive online, year round programme of study encompassing the entire PSHE and Relationship & Health Education curriculum for Reception to Year 6. In order to promote our services to schools we increased our attendance at regional Head Teacher conferences and meetings. We are now able to deliver our workshops in 'LifeSpace' (inflatable learning environment) as well as in the mobile classroom.

Our Finances and Funding

We continue to be very grateful to our regular and loyal donors who provide the backbone of our fundraising and whose support and encouragement has been a cornerstone in our ability to deliver our services to the children of Wessex and Thames Valley.

Whilst the bulk of our income comes from Grant Making Trusts, we would not be able to continue without the invaluable support of our many corporate, community and individual partners. Despite the fact that fundraising continues to be exceedingly difficult, thanks to the persistence of our small team of dedicated fundraisers, we raised over £201,902 and achieved a ratio of 2.1 to 1 of revenue against costs.

Education is a difficult charitable purpose to raise funds for in an environment that rightly requires clear evidence of direct outcomes from our work. In conjunction with Coram Life Education, we continue to develop and enhance the comprehensive evaluation programme, which enables us to demonstrate clear and positive outcomes of our work

Our Finances and Funding *(continued)*

We continue to explore opportunities to support NHS Clinical Commissioning Groups (CCGs) and Public Health with prevention strategies but securing any of their funding despite us helping them fulfil government prevention strategies remains really difficult.

Our Governance

Expenditure on governance is 6percent of the overall cost in 2018/19 compared to 7% in FY 2017/18.

One Trustee sadly passed away during the year. We were pleased to welcome two new Trustees to the Board. All Trustees have key areas of responsibility and members of the Senior Management Team are supported by a Trustee Mentor. Additionally the network of Ambassadors supports our fundraising efforts. These small groups of Ambassadors spread throughout the region provide an invaluable link with their local communities and support the organisation by raising funds and raising our profile through local networks and community organisations, in particular, Rotary Clubs. Once again my thanks go to the commitment and perseverance of my Trustees, Ambassadors and all staff.

We are continuing to work to enhance our trust board and to fill vacancies as and when they occur. We are very grateful for the continued support, experience and knowledge of our long standing trustees which is invaluable to the organisation.

We continue to be active on social media with a range of posts going out on a weekly (and sometimes daily) basis on Twitter and Facebook. We are grateful for those within and outside Life Education Wessex and Thames Valley and the wider Coram family who like and share these posts to raise awareness and support.

Our Future

There are many challenges as we look ahead to the next and future financial years, including:

- Continuing to be seen as the supplier of choice in the education sector and to do all we can to assist schools in achieving the curriculum and inspection criteria
- Keep our delivery materials and methods up to date
- Continue with program development to keep ahead of the times
- Increase awareness amongst school governors, PTAs and parents
- Investigate and enhance funding opportunities.

I am sure that 2019/20 will prove to be just as challenging as 2018/19 but we are up for the challenge and continue to believe that Life Education provides a strong and much needed foundation for the children of the region to live safe, happy and healthy lives. We do not believe any other organisation has the skills, resources and delivery methods to provide such a memorable, thought provoking and understandable program for our region's children.

Incoming resources

Income

All income is included in the statement of financial activities when the charity is entitled to the income, any performance related conditions attached have been met or are fully within the control of the charity, the income is considered probable and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Donations and legacy income is received by way of donations, legacies, grants and gifts and is included in full in the Statement of Financial Activities when receivable. Where legacies have been notified to the charity but the criteria for income recognition have not been met, the legacy is treated as a contingent asset and disclosed if material. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Investment income is included when receivable.

Income from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

Resources expended

Expenditure

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

Costs of raising funds comprise the costs associated with attracting donations, grants and legacies and the costs of trading for fundraising purposes.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Support costs are those costs incurred directly in support of expenditure on the objects of the charity and include project management.

Tangible assets

All fixed assets are initially recorded at cost and are subsequently stated at cost less any accumulated depreciation.

Life Education Wessex

Company Limited by Guarantee

Notes to the Financial Statements *(continued)*

Year ended 31 March 2019

3. Accounting policies *(continued)*

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Office furniture and equipment	-	10 Years
Mobile classrooms	-	10 Years
Computer equipment	-	3 Years
Other plant	-	3 Years

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the charity are assigned to those units.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.
